Children in Need (CIN) - total, started, and ceased in the last 6 months

from 01/12/2019
to 31/05/2020

1204 total CIN in 6 months*

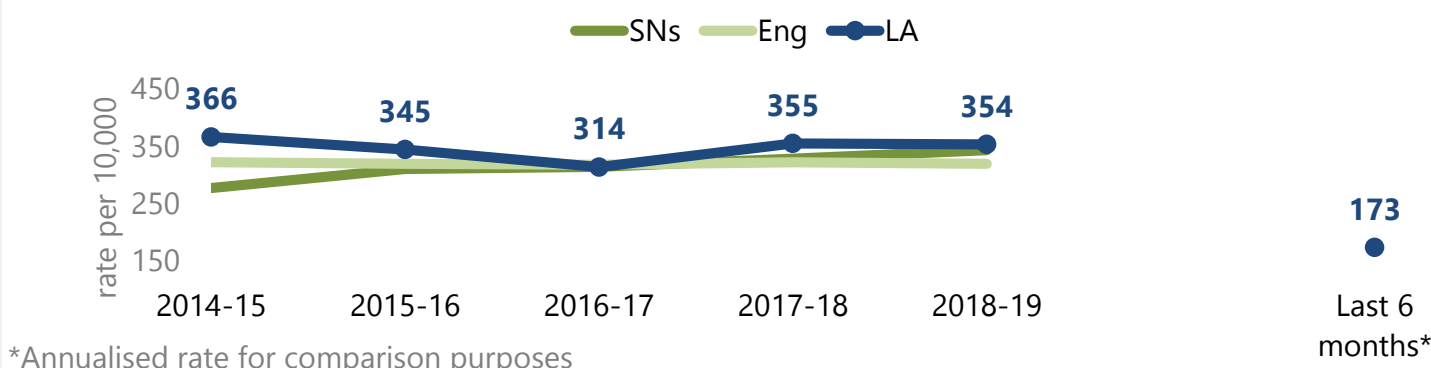

***Note:** the numbers of children in need reported in ChAT are not directly comparable to published CIN census statistics due to an undercount of referrals and care leavers.

The children in need census includes any child referred to children's social care services in the year as well as any open case for whom the local authority was providing services. Ofsted's Annex A List 6 largely covers this cohort, with the exception of those with only an open referral and those accessing leaving care services.

For this reason the published children in need census statistics are not directly comparable to ChAT, however there is considerable overlap with ChAT undercounting the true value as it excludes open referrals and care leavers.
